

Dear colleagues:

We are pleased to announce the celebration of the XVII Workshop on Economic Integration, organized by the INTECO joint research unit in Economic Integration to be held at the University of Valencia the next 26th and 27th of November 2020. In this edition, our invited key speaker will be **Dennis Novy** (University of Warwick) and a round-table on the economic consequences of Covid-19 pandemic with the participation of **Miguel Sebastián** (former minister of Industry, Trade and Tourism and University Complutense) and **Josep Mestres** (Caixabank Research).

The COVID-19 pandemic does not allow to safely hold large in-person events currently. Thus, the **XVII Inteco Workshop** on Economic Integration **will take place virtually through an online platform**. You will receive further details on due time.

Analogously to previous years, the workshop will consist of the presentation of working papers in the field of economic integration, both real (international trade) and financial (international finance). Participants will have 20 minutes to present their works and then each paper will be briefly commented by a discussant and open for general discussion to the floor.

In case you are interested in participating in the workshop, either presenting or discussing papers, please let us know by email: [inteco@uji.es](mailto:inteco@uji.es) before the **30th October**. In case you are interested in presenting a paper, please submit it with your expression of interest.

#### IMPORTANT DATES:

- a) **30th of October 2020**: expression of interest and submission of papers.
- b) **9th of November 2019**: publication of the program
- b) **26th and 27th** of November 2019: workshop

All the information will be available at the INTECO web page (<http://www.inteco.uji.es>).

Best regards,

The organizing committee
