

Labex MME-DII, CEPN and INFER Network:

6th WORKSHOP ON

APPLIED MACRO-ECONOMETRICS

Paris University 13, Sorbonne Paris Cité,

Friday October 19th 2018

The Labex MME-DII, the CEPN CNRS UMR n° 7234 and the INFER network are jointly organizing the 6th workshop on Applied Macro-Econometrics. The goal of this workshop is to bring together European applied macroeconomists to discuss current frontier research on a regular basis.

Applications from economists from all French and worldwide institutions are welcomed in all fields of applied macroeconomics and applied econometrics including financial, international, monetary, fiscal and non-linear econometrics. Empirical contributions are welcome.

The workshop is a one day workshop, which will take place at “Maison des Sciences de l’Homme” (MSH Paris Nord) in Paris on Friday October 19th 2018.

This year, we are very honoured to welcome Professor Paul De Grauwe from the LSE (London School of Economics) as our keynote speaker (<http://www.lse.ac.uk/european-institute/people/academic-staff/de-grauwe-paul>).

Professor De Grauwe’s lecture will be on the following topic: **"Behavioural macroeconomics: some applications"**.

Submission of papers

Interested authors submit a complete paper in electronic form (PDF format) at JEAMLabexMMEDII@gmail.com by September 28th.

Organizers:

The workshop is jointly organized by the International Network for Economic Research (INFER) the CEPN (Université Paris 13) and the Labex MME-DII.

Working on a joint interdisciplinary project centred on mathematical, economic and financial modelling, the **LABEX MME-DII** consortium is composed of over 150 researchers specialized in such areas as economics, mathematics and physics. It brings together seven higher education and research institutions of the Île-de-France region. MME-DII's ambition is to constitute an internationally recognized research center in the modelling of stochastic processes, of decision-making in situations of uncertainty, and of the dynamics of strategic interactions. By combining such cross-disciplinary areas of knowledge as mathematics, economics and theoretical physics, MME-DII will help shed light on major societal challenges, ranging from the prevention of financial crises to the management of environmental risks. Website: <http://labex-mme-dii.u-cergy.fr>.

INFER is a non-profit organization supporting science and research in all fields of economics. Website: www.infer-research.eu

CEPN CNRS UMR n° 7234 is the economics research centre of the Université Paris 13, Sorbonne Paris Cité. Website: <https://cepn.univ-paris13.fr/>

Registration Fee: There are no registration fees for attending the workshop

Scientific and local organizing committee:

Frédérique Bec, University of Cergy-Pontoise
Melika Ben-Salem, University of Paris Est
Joel Oudinet, University of Paris 13
Francisco Serranito, University of Paris 13
Josep-Maria Arauzo-Carod, Universitat Rovira i Virgili
Camelia Turcu, University of Orleans
