The workshop provides a platform to discuss applied economic research. We invite empirical and theoretical contributions from all fields of macroeconomics and international economics with an emphasis on a high relevance for economic policy.

The special topic of the workshop will be **State of the Euro – State of the Union**. Contributions on the current challenges for monetary policy (in particular for the Euro area) and economic dynamics in a currency union are especially highly welcomed.

The keynote speakers are:

**Frank Smets**, European Central Bank & KU Leuven
